**High Quality Books for Children Age 4-14**

We are happy to present our Foreign Rights Catalogue with about **50 exciting high quality books**. And of course there are constantly more books to come. Please ask, if you wish to have a look into our list of future books.

High Quality Books for kids? Of course! It is a passion for us as well as a necessity to introduce children **from the very beginning to excellent stories and to excellent illustrations**. DIX Verlag offers thrilling books invented, written and illustrated by talented authors – books to be read out and to be read by the young ones themselves.

DIX Verlag is a very young publishing house (founded in 2009 and presenting now 60 titles in the German speaking book market) and already known for its high standards. Readers, booksellers and media proof it with their warmest compliments.

Our authors and illustrators have brilliant CVs and were **awarded prizes and grants**.

I am looking forward hearing from you,

**KONRAD KLEINMÖGEL UND DIE VERLORENEN FARBEN**  
Konrad Kleinmogel and the loss of the colours

In the soil of HUDDLEDDLE, deep down, you find the people of KLEINMÖGEL. It is a people of goblins that invented colours and that has been colouring carrots for thousands of years so that this vegetable was orange. Nothing but orange. They could not think of any other colour than orange and had lost any idea of other colours. One day Granddad KLEINMÖGEL is telling them stories about the good old times when there were all sorts of different colours around. This makes KONRAD thinking and he wants to search for all these colours. To start his adventurous journey he holds on tight to one big carrot when it gets harvested and all of a sudden finds himself in the middle of the colourful world of HUDDLEDDLE with colourful happy creatures.

At the time Élin does not know that one of Iceland's volcanos stops air plane traffic in all Europe. Together with her family and her neighbours she tries to rescue their farms and animals and then to flee to a safe shelter. When she finds out that her beloved horse Afrdrif does not have a safe place she decides to travel for 300 kilometers to take him and other horses through the wild mountains to a safe area. Her brother and her best friend think that this is mad, but they accompany her. Will they be successful in this dangerous adventure?
